

# NEW AUTOMATIC SINGLE LENS REFLEX

*A truly professional system of photography...  
at amateur prices*

**\$249.50**

(base price)

Minolta SR-2 price, complete with  
55 mm 1:1.7, automatic lens

## COMPLETELY AUTOMATIC DIAPHRAGM... INSTANT RETURN MIRROR

In answer to the needs of professionals and serious amateurs for a truly automatic system of Single Lens Reflex Photography... Minolta has created the SR-2. The world's first system where "lens automation" is directly synchronized to the Rapid Film Wind Lever.

Advance the Rapid Film Wind Lever and automatically—lens diaphragm

opens to its largest aperture; film advances; shutter is cocked; frame is counted.

Press the "instantaneous" shutter release button, and automatically—lens stops down to your predetermined opening; instant return Mirror clears and returns instantly to eliminate blackout; focal plane shutter exposes film; you're

ready to advance film and shoot again.

Eye-level pentaprism viewfinder, with condensing and Fresnel lenses, provides exceptionally brilliant focusing image. Corners are visible even with glasses.

Single, non-rotating shutter speed dial; 1 to 1/1000 sec plus bulb; FPX flash synchronization; self-timer, automatic zero return, rapid rewind crank, etc.

## A VAST LINE OF PRECISION LENSES AND ACCESSORIES
