

MINOLTA BODY CAP

(New Logo – Type 1)

Matricola s.n.
Minolta Code 7396-330

Characteristics and Functions

This hard plastic cap, for Minolta Manualfocus SLR cameras, 1981 edition; it is applied on the bayonet by rotating it in the same direction as the closing movement of the bayonet of the lenses on the camera mouth. There are no references for insertion on the SLR bayonet. The word "MINOLTA" is found, in relief, in the center of the raised circular part. The edge has a large relief and is striped. This Type 1 Body Cap differs from Type 2 by the lack of the reference arrow along the edge.

Weight 11g. Diameter: 58mm. Height 13mm.
