

MINOLTA BODY CAP

(New Logo – Type 2)

Serial Nr. no
Minolta Code 7396-330

Characteristics and Functions

This hard plastic cap, for Minolta Manualfocus SLR cameras, is applied to the bayonet by rotating it in the same direction as the locking movement of the lens bayonet on the camera mouth. The point of insertion on the bayonet of the SLR is indicated by a small arrow in relief on the edge of the cap itself, placed at the top, to the left of the word "MINOLTA" which is found, in relief, in the center of the raised circular part. The edge has a large relief and is striped. This Type 2 Body Cap differs from Type 1 by the presence of the reference arrow along the edge

Weight 11g. Diameter: 58mm. Height 13mm.
