

MINOLTA CASE for HI-MATIC F (1972)

Serial nr. no
Minolta Code: unknown

Characteristics and Functions

This case, made of black leather, has the look of a ready-made bag typical of reflex cameras. The bag has excellent rigidity suitable for high impact protection of the camera. The interior is in black velvet and the adjustable shoulder strap, in rubberized material, is firmly attached to the lower part of the bag. The upper part is completely removable by means of an automatic and an asymmetrical eyelet located on the back of the case. A large plastic screw placed on the back allows you to hold the camera by means of its nut screw. The wording "Japan" is hot engraved on the back of the bag. At the center of the front protuberance is the chrome plate: "minolta"

Weight 130g., Shoulder strap included Height 92mm. Width 135mm. Depth 77mm.
