

MINOLTA CASE for Minolta 16 II

Serial Nr. no
Minolta Code: 6204-210

Characteristics and Functions

This case is made of gray leather with a zip closure that covers over two sides. From a small opening located at the end of the hinge, when it is closed, it is possible to bring out the strap of the camera for an easier transport of the same. Inside there are two small leather pockets in which you can place the filters or additional lenses provided as optional accessories of the Minolta 16 II. On the front side we find the word "Minolta" hot stamped in the lower left corner. On the back of the case, on the other hand, the wording "Japan" is also placed in the lower left corner.

Weight 16g. Length 90mm. Width 50mm. Height 28mm.
