

MINOLTA CLAMP for Minolta 16Ps

Serial Nr. no
Minolta Code: 6207-630

Characteristics and functions

The Minolta Clamp was produced in various versions that can be adapted from time to time to the various models of micro cameras produced by Minolta. This version is dedicated to the 16Ps presented in 1964 and, consequently, also to the previous 16P version. This accessory is used to have the hot shoe on the camera. The "Clamp" is fixed to the nut located on the bottom of the Minolta 16P / 16Ps and, in turn, has a nut screw in the center of the black ribbed plastic wheel so as to be able to fix the entire camera-flash-clamp complex on a tripod .

Weight 25g. Dimensions: height 43.5mm.; width 25mm.; depth 30mm.
