

MINOLTA G 0 FILTER

d.55mm.

Serial Nr. no
Minolta Code: 7255-114

Characteristics and Functions

The Minolta G 0 Filter is a green color filter. The green and yellow-green filters are placed in an intermediate position between the yellow and the blue ones. Green filters produce a more pronounced effect than yellows, in landscape photography they reproduce the green of plants and meadows with various shades of gray. This F55NA filter has a black frame with italic "minolta" logo - old logo. Of very old production, it is boxed in green and gray packaging
Weight 18g. Frame outer diameter 57mm.; thickness 6mm.
