

# MINOLTA IR REMOTE CONTROL RC-1

Serial Nr. No  
Minolta code: unknown

## Characteristics and Functions

The Minolta IR Remote Control RC-1 was designed for use with the Riva Zoom 90c and Freedom Zoom 90c, introduced on the market in 1991. This remote control allows the execution of single frames and two exposures. It can be used up to a distance of 6 meters from the camera. To remove the remote control from the shoulder strap support, press the side button and rotate the device about 30 ° counterclockwise.

On the underside are the shutter button, the cursor for selecting the type of shot (1 or 2 frames) and the circular coupling to join the remote control and then lock it to the shoulder strap. Point the remote control with the narrow part containing the IR illuminator facing the camera.

Weight 12g. Dimensions: width 27mm.; length 60mm.; thickness 14mm.
