

MINOLTA

REMOTE CORD RC-1000S

1985

Serial Nr. no
Minolta Code: 8771-100

Characteristics and Functions

The Minolta Remote Cord RC-1000 is available in two versions: the "S" type is 50cm. long, the type "L" 5m. Can be used with Autofocus AF and Dynax / Maxxum series cameras. To use tripod cameras with long exposures, this accessory is used by connecting it to the appropriate socket and turning on the camera. To activate the shutter and focus, the rectangular button must be pressed. If you have to perform a long pose (pose B) you can move the button to the rear position; making it then return to its primary position at the end of the prolonged exposure time.

Weight 30g.
