

# MINOLTA TRIPLE CONNECTOR-X

Serial Nr. no  
Minolta Code 8808-120

## Characteristics and Functions

The Minolta Triple Connector was introduced in 1981. It allows you to connect up to three electronic flashes of the PX series (360PX and / or 280PX). The connection of an OC cable connected to the camera must be inserted in the rear socket, the EX cables must be inserted in the other three sockets. Join the parts respecting the guide of the connections and tighten the chromed ring completely. See diagram.

Weight 25g. Dimensions: width 61.5mm .; length 61mm .; thickness 19mm.
