The 35-105mm. f.3.5-4.5 Minolta MD Zoom Macro is produced in collaboration with Tokina. It has the macro function with a ratio up to 1: 4; the macro setting is provided with a lock and the indications of the magnification ratios are painted in blue. On the outside, in addition to the inscription on the front of the lens, you can see the introduction of all the typical improvements of the Minolta MD series: the numbering of the standing scale now painted in yellow-orange; the lock on the minimum diaphragm, with the signal painted in green, which is obtained by moving back a small cursor placed along the right side of the diaphragm ring. The last working diaphragm painted in green. The front lens cap has the new Minolta brand graphics with the rising sun in the "O". The identification of the objective is given by a single inscription 35-105 in yellow-orange color placed to the left of the distance scales.

Like all the others in the MD series, this lens also has the MC coupling.
