

50mm. f.1:2.8 Macro Minolta AF

Production: 1985-1993

Serial nr.3410519
Minolta Code: 2564-100

Inscription on the lens:

AF MACRO 50mm 1:2.8 (32) Ø55mm

With the realization of this AF Macro 50mm. f.1: 2.8, Minolta presents a lens that achieves the magnification ratio of 1: 1 without the need to use an extension tube. The body of the lens is covered, in the central part, by a rubber band with a dense inclined strip (1st type). The thickly ribbed focusing ring bears the magnification ratio indications (1: 1 - 1.2 - 1.5 - 2 - 3 - 4 - 5 - 9) engraved in blue which refer to an engraving on the body, painted also in blue.

The inscription on the lens is not placed around the first lens as usual, but on the body of the lens between the focus ring and the stair window in ft. / m.

On the left is the Minolta logo with the "rising sun"; on the right two lines show the indications: "AF Lens" and "50 Macro".

The collimation signal with the ring nut of the camera optics consists of a red plastic hemisphere.
