... La n. 0677 condotta da Gendebien-Frère alle 12 Ore di Reims del 1958. La vettura colse un clamoroso successo benché per parte della gara avesse dovuto correre priva di parabrezza e di lunotto. Poiché un sasso aveva infranto il parabrezza, prese subito a entrare una tale quantità d'aria che la berlinetta ne risultava continuamente frenata; Gendebien ricorse allora all'espedito di infrangere anche il lunotto, in modo che l'aria potesse fuoriuscire attraversando la vettura in tutta la sua lunghezza ...

... The No. 0677 driven by Gendebien-Frère at the Reims 12-hour race in 1958. The car obtained a clamorous success, even though it had to run part of the race without its front and rear screens. As a stone had shattered the windscreen so much air was entering the car it was continuously acting as a brake: Gendebien resorted to the expedient of breaking the rear screen so that the air could escape from the cabin ...

I GRANDI AVVENIMENTI SPORTIVI

La storia dell'automobilismo ci ha tramandato, negli anni, le cronache dei suoi grandi avvenimenti sportivi, avvenimenti che, pur essendo lontani, ricordiamo ammirando le vetture protagoniste mantenute integre da appassionati collezionisti.

La BANG vuole riproporre, con la Serie "I Grandi Avvenimenti Sportivi", alcuni frammenti di quei giorni memorabili.

In queste realizzazioni, si è voluto evidenziare il colore brillante delle vetture esistenti, dal grigio del passato e dal frangente abbozzato e stilizzato e rendere così omaggio a queste mitiche vetture.

LES GRANDS EVENEMENTS SPORTIFS

L'histoire de l'automobilisme nous a transmis au cours des années les chroniques de ses grands événements sportifs qui, bien qu'étant loins, nous retournent à la mémoire en admirant les voitures protagonistes gardée intactes par les collectionneurs passionnés. La BANG veut repropose avec la série "Les Grands Evénements Sportifs" quelques fragments de ces jours mémorables. Avec ces réalisations on a voulu mettre en évidence la couleur brillante des voitures existantes du gris du passé et de la scène esquissée et stylisée et rendre de cette façon hommage à ces voitures mythiques.

DIE GROSSEN SPORTLICHEN EREIGNISSE

Die Automobilgeschichte hat uns im Laufe der Jahre Chroniken von ihren grossen sportlichen Ereignissen, an die wir uns obwohl sie weit zurückliegen, erinnern, indem wir die Protagonistenautos, die von begeisterten Sammlern unversehrt erhalten blieben, bewundern. Mit der Serie "Die grossen sportlichen Ereignisse" beabsichtigt die Fa. BANG einige Bruchstücke jener erinnerungswerten Tage wieder vorzuschlagen. Mit diesen Werken wollte man die leuchtende Farbe der existierenden Autos vom Grau der Vergangenheit und von der skizzierten und stilisierten Szene hervorheben und so diesen mythischen Autos huldigen.

THE GREAT SPORTING EVENTS

The story of automobilism has transmitted us through the years the chronicles of its great sporting events that, even being remote, we remember admiring the cars that were protagonists in these events and have been maintained by high-minded and passionate collectors. BANG wish to propose with their series "The Great Sporting Events" some of the fragments of those memorable days. In these realizations we tried to emphasize the brilliant colour of the existing cars from the grey of the past and from the sketched and stylized scene paying this way homage to these legendary automobiles.
