

AUTOMOBILI D'EPOCA PER AMATORI # 1/43

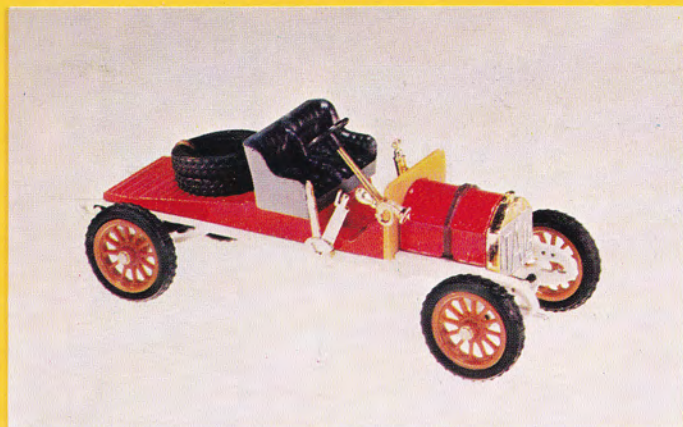

Abbiamo ricostruito per voi
le vecchie automobili di
altri tempi, lieti di riproporvi
il gusto delle antiche macchine,
simbolo di una mentalità,
testimoni di un costume.

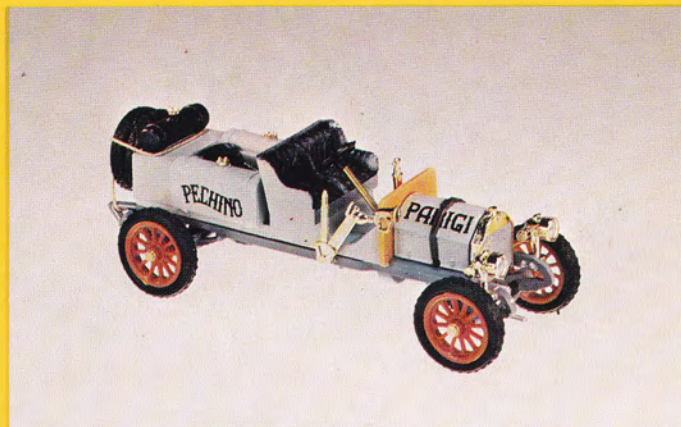

Ogni pezzo ha un suo
stile diverso e una sua storia
compiuta, come ogni
generazione ha avuto i suoi
ricordi legati a una vettura
tanto bella che ancor oggi
si rivela col lento discorso
alla paziente letizia
di chi le colleziona.

È perciò nostra ambizione
offrirvi la bellezza che
l'automobile esprime con le ore
del nostro secolo veloce
segnate sui fari e sui radiatori
delle minuscole vetture.
