

CAPACITOR FLASH #201

For use with Models 95, 95A, 95B, 100 (rollfilm), and 700.

Uses #5/Press 25 bayonet-base flashbulbs.

Large reflector and brown crinkle finish.

Built-in flashguard.

The battery (one 22.5v) is replaced by removing the bottom of the case.

Note: Similar in external appearance to #200, but is of B-C (battery-capacitor) design and has a built-in Test-lamp.
